

AMANI SHEMA

Full-Stack Developer · Creative Problem Solver

📍 Kigali, Rwanda ✉ amanishema90@email.com 🔗 github.com/AmaniShema

ABOUT ME

I'm a passionate software engineering student at AUCA, Kigali, with hands-on experience building full-stack web applications using JavaScript and Java (Spring Boot). As a vibe coder, I bring clean code, rapid prototyping, and creative energy to every project. I've worked in field operations and logistics — so I understand real-world business needs and deliver solutions that actually work, not just look good.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), Java, HTML5, CSS3, SQL
Frameworks	Spring Boot, Node.js, React (learning)
Tools	Git, GitHub, VS Code, IntelliJ, Cisco Packet Tracer
Databases	MySQL, PostgreSQL (basics)
Concepts	OOP, REST APIs, MVC Architecture, Responsive Design
Soft Skills	Fast learner, detail-oriented, deadline-driven, client-focused

WHAT I OFFER ON FIVERR

- › Build responsive web apps and landing pages (HTML/CSS/JS)
- › Develop Java OOP projects and backend systems (Spring Boot)
- › Create RESTful APIs and integrate third-party services
- › Debug, refactor, and optimise your existing codebase
- › Build MVPs fast — from idea to deployed prototype
- › Write clean, commented, and maintainable code

PROJECTS

AffordaHome — House Rental Platform

Personal Project · In Progress

- › Full-stack rental platform focused on affordable housing (under 100k RWF/month)
- › Built with Java Spring Boot backend and JavaScript/HTML frontend
- › Includes listing management, search/filter, and user authentication

Java OOP Multi-Domain System

University Project · 2025

- › Designed a multi-module OOP system covering construction site management, hotel services, and traffic fine processing
- › Applied inheritance, polymorphism, encapsulation, and interface-driven design

WORK EXPERIENCE

Field Service Manager*2024 – 2025*
Logistics & Cargo Operations · Kigali, Rwanda

- › Coordinated offloading and organisation of cargo at operational sites
- › Produced detailed shift reports and maintained accurate records under tight deadlines
- › Managed cross-functional teams and resolved on-site logistics issues in real time

EDUCATION

BSc Software Engineering*2023 – Present*
Adventist University of Central Africa (AUCA) · Kigali, Rwanda

LANGUAGES

Kinyarwanda	Native
English	Professional working proficiency
French	Beginner (actively learning)
